To,

ENT Department,

Dear Sir,

London School of Hygiene and Tropical Medicine is offering to conduct a certified one week course “Public health planning for hearing impairment” in Islamabad in Nov 2015. This prestigious course is offered in 5 training centers across four continents, (London, Lima, Cape Town, Hyderabad (India), Nairobi). The course is designed to ENT Specialist, Audiologist, Government, NGO planners to enable them in better diagnosis and management of the persons in front of them. This course will enable them to address the need of the population to adopt effective public health approach and research capacity strengthening for planning and prevention activities of ear/hearing impairment.

The course will be offered to limited slots on first come first serve basis. You are required to nominate one or two persons from your department to attend this prestigious course.

Registration is open from 25 July 2015. Registration form can be downloaded from www.pirs.edu.pk.

Regards,

Dr. Farrukh Seir
Executive Director PIRS.
